Join Us! 29 - 31 October 2007 Melbourne, Victoria Australia

The **EShare Conference Committee** invites all Infor product users to attend the **EShare Conference 2007**.

Through this year's conference we hope to provide a '*knowledge sharing*' event which will help users make better use of their products. We have set out a sessional program that will provide Vendor expertise on the product developments that you need to be aware of. Users will give their first hand knowledge on their approach and actual experiences of upgrades to the new releases of their products.

There will also be sessions that will show how other users are running 'Best Practice' systems to achieve their organisation's business requirements. This will be an excellent opportunity to meet the InforTM product specialists, business partners and consultants. All of this infrastructure will be supported by our Trade Exhibition Sponsors to provide that 'Added Value' aspect to the event.

The conference is open to users of all product lines, and will encompass the following basic streams:

- **Financial Management (FSG)**
- **Manufacturing / PLM (ESG)**
- **Supply Chain / PM / CRM (SSG)**
- **General Interest (GEN)**

FSG – products include: Masterpiece, Infinium and SunSystems

ESG – products include LN, LX and Syteline, Streamline, I2, TIMS, Visual, Systems21, GEAC

SSG – products include Epiphany, Warehouse Management, Vision and Data Stream, EAM, CRM, Cognos, SCM

All InforTM product users, from the CEO/CIO through to frontline users and support people, will find the conference of benefit through the delivery of topics and sessions which include:

- Users sharing their knowledge of planning and upgrading InforTM products
- User sessions on how they best use system functionality
- Infor Global Solutions latest news on company and product strategic directions
- Hands on product demonstrations
- Combined user/consultant presentations
- Details on third party products to enhance your systems
- 'Added value' sessions on systems implementation planning, project management and dealing with post implementation issues.

2007 Sponsors:

Benefits from attending:

EShare 2007 has been specifically structured to provide users with the following benefits:

- **Experience** an environment where users can increase their knowledge of Infor™ products and learn how best to use the features of these products.
- **Learn** what Infor™ Strategic Direction is for their products in the future.
- **Learn** of latest product developments and enhancements.
- **Listen** to how fellow users are implementing the latest versions of Infor™ products.
- **Learn** how users maximise the use of their installed products.
- **Utilise** the 'Trade Exhibition' area. See how other products can work with your existing applications to extend the use of the software and add value to your investment in the core product.
- **Question** user and consulting sources on how to best use your current applications.
- **Test-drive** the latest versions of Infor™ products.
- **Explore** the latest choice of reporting options now available with your current applications.
- **Network** with fellow users and hear their experiences of both contemporary and day to day business issues.
- **Learn** from other users on the tips and tricks when upgrading.
- **Share** your Knowledge with fellow users.
- **Receive** a complimentary CD of all presentations for later reference.
- **Ensure** you are up to date with the latest information that will keep your systems operating as 'best practice' solutions for your organisation.

Conference Highlights

Sunday evening – Cocktail Function - This is an opportunity for all delegates to unwind after the day's busy travel and mix with your peers over a cool beverage and some finger food then leaving you with the evening free to explore some of the many sights of Melbourne.

Monday - Infor™ Strategic Direction - Hear the latest news on Infor™ product lines and the future direction for these products. Learn of details of what is currently being planned for future releases. Determine where your organization currently stands in moving towards these new releases. Other news on the Infor™ Front.

Monday evening – Networking Drinks – unwind for an hour after a hectic opening day.

Tuesday – Conference Dinner - Join us in a relaxing atmosphere, good food and a chance to meet your peers.

Daily - Trade Exhibition - This year's Conference has an expanded Trade Exhibition area designed to provide delegates with the opportunity of exploring various products and services that will complement their existing Infor™ applications.

Daily - Infor™ 'Strategy Playing Field' – Tee- up a 'one on one' meeting with the Infor™ specialists to discuss what the future strategies for your Infor™ applications might be.
